

- [Gatorland](#)
  - [School of Crocs](#)
    - Occurring at 10 a.m., this Facebook Live is a daily, 20-minute show that allows viewers to learn about some of the animals housed at Gatorland.
  - [Later Gator](#)
    - At 5 p.m. daily, Gatorland streams “Later Gator” on their YouTube channel. This experience includes live-action encounters and even shows zookeepers feeding the alligators.
- LEGOLAND
  - Stuck at home with a pile of Legos? Join [LEGOLAND](#) for the #LLCBuildingChallenge where you can learn to build a cupcake, a puppy, and more! Bonus activities include coloring pages, maze challenges, silly stories, word searches, and trivia challenges.
- Disney World
  - While nothing official has been released by Walt Disney World, those missing the magic of the mouse can head to YouTube for parade videos, firework videos, and even ride point of view videos that make it feel like you’re on the real thing!
- Universal
  - Similar to Walt Disney World, Universal has yet to release virtual theme park offerings. However, point of view videos found on YouTube can take you through the Forbidden Forrest, Jurassic Park, and more.
- [Orlando Regional History Center](#)
  - The History Center is offering lessons, coloring pages, and virtual exhibits, in addition to live webinars. Check back daily for new material!
- [Orlando Science Center](#)
  - The Orlando Science Center is offering educational videos, science experiments that use household items, as well as streaming some of their family-friendly documentaries for free.
- [Central Florida Zoo](#)
  - Head over to the Central Florida Zoo’s [Facebook](#) every day at 2 p.m. to join their animal ambassadors as they take you around to meet some of the animals.
- [Ripley’s Believe It or Not](#)
  - [Outside the Odditorium](#)
    - This live, daily show features editors, researchers, and illustrators who walk you through some of the exhibits found in the odditorium.
  - [Riley’s Aquariums at Home](#)

- Offering educational resources on aquatic animals, information includes educational encounters and live feedings. You can also live stream multiple penguin exhibits, as well as a shark encounter.
- [Crayola Experience](#)
  - Along with live shows that range from DIY crafting to a live doodle along, The Crayola Experience is offering at-home resources for kids, parents, and teachers. Crafts include at-home learning lesson plans, free coloring pages, and adult coloring 101.
- [SeaWorld](#)
  - In order to help both families and teachers, SeaWorld is offering animal-resources that both educate and entertain. Resources are tailored for students kindergarten through 12th grade.
  - [Animal Bytes](#)
    - One-page fact sheets to help you quickly learn about various species.
  - [Animal InfoBooks](#)
    - An in-depth look at some of SeaWorld's animals.
  - [Saving a Species](#)
    - Each episode explores the challenges that different animals face.
  - [Career Resources](#)
    - An opportunity for children to learn what goes into a career working with animals.
  - [Just for Teachers](#)
    - Teacher resources, including workshops and training.
- [Enzian Theatre](#)
  - Dedicated to entertaining, inspiring, educating, and connecting the Orlando community through film, the Enzian Theatre is currently streaming movies on most devices, including the Amazon Firestick, Chromecast, and Apple TV. Offering a mix of indies and cult classics, upcoming family-friendly movies include *The Lizzie McGuire Movie* and *The Last Unicorn*.
